

# *In Remembrance*

*G. David Singleton*

(1935 - 2018)

I've had the pleasure to work with Dave for over 20 years, his vision and passion to create an Entrepreneur Program for our nation's people grew to become one of the best training platforms in the country. Dave worked diligently to better the program every year of its existence. His hard work and dedication was always for the people he cared for the most, Our Nation's People. - Panda M.

Such an amazing Human Being. I consider Dave a role model for leadership because - despite his mind-blowing Expertise/Wisdom/Networking Power - his way of interacting with others was humble, full of peace and charged with an inspiring positivity. - Sylvia W.

This is a huge loss. I will look at this amazing legacy he has left and smile knowing he did such amazing work to make the world a better place. He was such an inspiration and so full of knowledge!  
RIP - Teresa M.

I'm blessed that I had the chance to work with him on the last Entrepreneur training. I loved how he believed in all of the students. I watched him build them up and made them believe in themselves. He truly will be missed. He messaged me this past Tuesday, asked how everyone and everything was and said he looked forward to seeing Chicago at the annual. True gentleman. RIP! - Susan S.

This is truly a loss to the physical world. Rest In Peace Dave. - Meagen T.

I am shocked and deeply saddened to hear of the passing of G David Singleton, a man who gave so much to our California Indian communities...because he genuinely cared. Through the darkest moments, he stood strong for our Tongva community, assuring that we had a seat at the table and a genuine voice. He cared about the ancestors and all that is holy, he recognized the unspoken as if they were his relations - and I now recognize that they are. All those ancestors you protected are there to journey with you, to those sacred places you dreamed of. I am forever grateful for your contributions. Prayers and blessings to you and yours. Travel well my friend, my relative - in love, in peace - and now you are an ancestor. - Cindi A.

What an amazing man. I could always depend on him for advice and a listening ear. He made an impact on the world. What a legacy! - Barbara A.

He will be missed, a very honorable man in Indian Country - Jody C.

A great friend and someone who loved Football "49ers". I'll miss our conversations on FB and in person. You now belong to the ages but your memory and friendship remains in our hearts and minds. - Aaron P.

We are frail, fragile creatures, it seems - but some seem made of indomitable strength, fiber and wisdom. Dave Singleton was one of those; I chuckled just last night in catching up on my FB messages at a comment he made on one of my posts. Because he was always there and sharing wisdom and comments based on long years of learning, understanding and acting on behalf of California Native People. One of the elders that you just took for granted that would always be there and continue to 'school' us youngins forever. A reminder that every day is precious and a gift, especially from a generous activist like Dave, who for decades labored in the CA Native American Heritage Commission in the struggle to preserve and protect our ancient heritage. 'Xayatspanee', thank Dave, for your devoted and deep service to our communities. - Gregg C.

Dave from the beginning supportive of Red Nation Celebration Institute & Film Festival and everything we do. He was a protector for us against those who continued to harness us. We used to stay on the phone for hours. I am so sad to hear this news. - Joanelle R.

There are people we know who are sick and ailing or elderly, and we're not surprised when they pass. But, you were making comments on posts just the other day, always positive and upbeat. I don't think people really know how much you cared about California Indians. They know you helped some, but they don't know how many you reached out to help. Sometimes, the groups couldn't understand the key to the battle, but you took it on for them. You didn't need to do any of this. You could have just retired and gone fishing. But, you stayed in rural Indian communities, attended funerals, gave wise advice, responded to silly jokes, and always cared. I remember how you took care of your Mom in her final years, traveling hours to get to her home and back. Your heart was broken when she passed. Then, you continued to give good advice about tough political battles, knowing the history of projects, both successes and failures, and understanding it may not be welcomed by those who want secrets kept. One thing I do know is you were a kind, caring person to me and my family, and anyone you met. I found this saying I kept at CAIR and feel it certainly applies to you. May your journey be a good and gentle one. Forever your friend. - Cindy L.

RDLN Founding Board member G. David Singleton with RDLN Leaders Group X. We are devastated by his sudden loss. He has worked tirelessly for American Indians, especially in California, Latinx. African-Americans in the South, and all rural people. - Rural Development

I have known and worked with Dave prior to his work at CIMC. When he worked at Campo he and I worked on some projects but also were good friends since then. Dave saw my kids grow and was an Uncle them, such a good heart. He bragged about me and my kids more than I could some of my own blood family did. But I will always remember this Dave always made you feel like you were the most accomplished person. He believed in you and would stand by your side no matter what. I miss him dearly and truly we have been hit with a major loss the day he went on to his next life. But like Dave is most likely tell us, don't be sad because I now can admire you all from above. - Bennae C.

Dave was one of the mainstays of NAHC for us and provided a great bridge between Larry and the tribes. He was kind, attentive and a great source of help. Prayers and tobacco laid out for his journey...

Rest with the angels  
G David Singleton.  
You were there in the  
beginning of my fight  
to protect our sacred  
sites and cultural  
resources. You stood  
up to the developers  
and those who would  
carelessly destroy the  
things that Indian  
people held as  
sacred. You were a  
true friend and I will  
miss your comments  
and advice. - Reno F.

First I want to say how privileged I am to have known such an amazing person. You made me feel normal and amazing too - just being in your presence. Your kind heart and genuine compassion for others is an attribute I wish more of us had. You came into my life as a teacher but soon became a friend and trusted mentor. I am so honored to have had the chance to call you my friend. You believed in me when I didn't even believe in myself, and you changed not only my life forever but every generation to come in my family after knowing you. Dave and I met in the early '80's when he was a consultant for my tribe. We worked together in the '90's in his business Economic Development Center Inc. Dave was my mentor and best friend. G David Singleton was a huge advocate for balance in the world. He was also a huge advocate for me. He believed in me. We were working on project together recently and I am sad I will not have his advice but I will continue with him in my heart. He was the business mentor I trusted. I not only had the privilege to work with him but he worked with my father as well. He always tried to connect me with amazing opportunities, but I was not ready for the grand opportunities he tried to connect me with. That is trust and respect. I gave him the same respect in return. All he was for me...I know he was that for so many. He was a gentle, loving, kind and completely unselfish. He has given so much to the people and brought a wealth of knowledge and balance. I appreciate him for all he gave to the world. I will always honor him.
